

In The Name of the Most Compassionate

C.V.

1. Individual profile:

First Name: **Abdolreza**

Last Name: **Noroozi Chakoli**

2. Education History:

Degree	Field	Trend	Course Start Date	Course Completion Date	University of Study	State	City
Bachelor							
Master					Tarbiat Modares University	Tehran	Tehran
Ph.D.					Ferdowsi University of Mashhad	Mashhad	Mashhad

3. Thesis and Dissertation Titles:

-**Master:** Information- Seeking Behavior of Researcher's applying to The World Wide Web in Tarbiat Modares University

- **Ph.D.:** Comparative Study of the plans and performance of three national scientific information centers in Iran

4. Scientific Achievements and Honors:

- The top researcher of Iran in humanities sciences in the 12th Ceremony of Top Researchers of Ministry of Science
- Research and Technology of Iran (MSRT), 17 December 2011 (With the approval of Ministry of Science, Research and Technology of Iran [MSRT]).
- The top researcher of Iran in the 7th Farabi International Award, 31 January 2015 (With the approval of UNESCO, ISESCO, National Elites Foundation of Iran and Ministry of Science, Research and Technology of Iran [MSRT]).
- The top 1st rank faculty member award, Shahed University, Tehran, Iran, 3 May 2020.
- The top 1st rank faculty member award, Shahed University, Tehran, Iran, 3 May 2011.
- The top 1st rank researcher award, Shahed University, Tehran, Iran, 11 December 2016.
- The top 1st rank Researcher award, Shahed University, Tehran, Iran, 14 December 2009.
- The top 3rd rank researcher Award, Shahed University, Tehran, Iran, 17 December 2012.
- The top 1st researcher in The National Congress of National Authority- Scientific Authority, for the article entitled: Role of Scientometrics in the assessment and evaluation of effective components on the national authority. Tehran, Iran, 4 February 2009.
- The Supervisor of Mina Rezaee's master dissertation- Iran top master dissertation in 7th Farabi International Award, 31 January 2015 (With the approval of UNESCO, ISESCO, National Elites Foundation of Iran and Iran's Ministry of Science, Research and Technology [MSRT]).
- The Supervisor of Roghayeh Ghazavi's master dissertation- Iran top master dissertation in 5th Progress Pioneers National Congress, Ministry of Science, Research and Technology (MSRT), Tehran, Iran, 17 April 2014.
- The Advisor of Rasoul Zavaregi's PhD Thesis- Iran top PhD Thesis in 7th Farabi International Award, 31 January 2015 (With the approval of UNESCO, ISESCO, National Elites Foundation of Iran and Iran's Ministry of Science, Research and Technology [MSRT]).
- The Certificate of Appreciation from Educational Deputy of Ministry of Science, Research and Technology (MSRT), for planning and revising of the Information Science and Knowledge courses syllabuses. Tehran, Iran, 9 October 2013.

5. History of Activities and Membership in Scientific Societies:

- The Member of Founding Board at The International Library and Information Science Society (I-LISS)- (former LISSASPAC), SRM University, Chennai, Tamil Nadu, India, since June 2015- ongoing
- The Vice-President of Iran Regional Chapter of The International Library and Information Science Society (I-LISS)- (former LISSASPAC), SRM University, Chennai, Tamil Nadu, India, since June 2015- ongoing
- The Member of the Committee of Humanities and Social Sciences- at World Academy of Science, Engineering and, Technology (WASET), since February 2020- ongoing
- The Secretary of Research Commission- at Iranian Curriculum Studies Association, since 30 June 2020- ongoing

6. History of Researchs:

Research Projects:

- Noroozi Chakoli, Abdolreza, Research project administrator. (2018). The Comparative study of research Planning and policy making construction in Iran, Turkey, Germany and USA. Tehran: Shahed University.
- Noroozi Chakoli, Abdolreza, Research Project administrator. (2016). The Identifying, evaluating and ranking of Iran top highly scientific productivity researchers in "Micro RNA (MiR)," Monoclonal Antibody (MAb)s", "Probiotics", "Oncolytic Viruses" & "Virology". Research Project Executive supervisor: Dr. Hamidreza Tahoori; Executive affairs: Mahroo Shayegh. Research collaborators: Hamid Noroozi Chakoli, Saeideh Rajabzadeh. Tehran: Presidency of the Islamic Republic of Iran, Vice Presidency for Science and Technology, Biotechnology Development Council. [National macro level research project].
- Noroozi Chakoli, Abdolreza, Research project administrator. (2014). Analysis of issues, Barriers and determinate factors of publish, management and effectiveness of scientific Journals in Iran and proposing solutions to solve them. Tehran: Ministry of Science, Research and Technology (MSRT), Research Planning and Policy Making Center. [National macro level research project].
- Noroozi Chakoli, Abdolreza, Research project administrator. (2014). The Identification, accreditation and introduction of the international reliable indexes, unreliable Journals and their evaluation criteria. Research project executive supervisor: Dr. Esmail Ghaderifar. Tehran: Ministry of Science, Research and Technology (MSRT), Research Planning and Policy Making Center. [National macro level research project].
- Noroozi Chakoli, Abdolreza, Research project administrator. (2014). The Evaluation of Biostatistics in Iran. Research project executive supervisor: Kazemnejad Lili, Anooshirvan. Tehran: Tarbiat Modares University
- Noroozi Chakoli, Abdolreza, Research project administrator. (2013). 4th phase of Science Development evaluation plan: evaluation of botany science, technology and innovation in Iran. Research project executive supervisors: Iranian Biology Society. Tehran: Presidency of the Islamic Republic of Iran, Vice Presidency for Science and Technology, Science Development Evaluation Office, Secretariat of Basic Science Development Evaluation, Iranian Biology Society.
- Noroozi Chakoli, Abdolreza, Research project administrator. (2012). The Comparative study of research construction of Iran, Turkey, Germany, USA and some selected countries in world in Basic Sciences. Research project executive supervisors: Professor Hassan Ebrahimzadeh Mabood & Dr. Mozafar Sharifi. Tehran: Iranian Biology Society.
- Noroozi Chakoli, Abdolreza, Research project administrator. (2012). The Evaluation of Basic Biochemistry and its related branches in Iran. Research project executive supervisor: Dr. Reza Hasan Sajedi, Research collaborator: Parichehr Zamani. Tehran: Tarbiat Modares University, Biochemistry hub.
- Noroozi Chakoli, Abdolreza, Research project administrator. (2011). The Evaluation of Biology and its new branches in Iran, Turkey, Malaysia, Japan and United States of America. Research project executive supervisors: Professor Hassan Ebrahimzadeh Mabood & Dr. Mozafar Sharifi. Tehran: Iranian Biology Society.
- Noroozi Chakoli, Abdolreza, Research project administrator. (2012). The Study of situation and place of Iran researchers' international and national articles and journals. Research project executive supervisor: Dr. Mozafar Sharifi. Tehran: Ministry of Science, Research and Technology (MSRT), Research Planning and Policy Making Center.
- Noroozi Chakoli, Abdolreza, Research project administrator. (2011). The Study of Scientific Collaboration in indexed scientific products of Shahed University in ISI. Tehran: Shahed University.

- Noroozi Chakoli, Abdolreza, Research project administrator. (2009). Comparative assessment of Indexed scientific production in Iran and Turkey, Egypt, Pakistan & Saudi Arabia, Using ISI databases in 1970- 2009. Tehran: National Research Institute for Science Policy (NRISP).
- Noroozi Chakoli, Abdolreza, Project main collaborator. (2009). Comparative assessment of Indexed scientific productions in Islamic Azad University of Iran, Using ISI databases in 1999- 2008. Research project administrator: Afshin Mousavi Chelak. Babol: Islamic Azad University, Babol Branch, Research Deputy.
- Noroozi Chakoli, Abdolreza, Research project administrator. (2009). Reconsideration on the relationship of science, technology and Innovation" indicators with their effectiveness and proposing framework for measurement of science, technology and innovation in Iran. Research collaborators: Mohammad Hasanzadeh, Hamzehali Nourmohammadi. Tehran: National Research Institute for Science Policy (NRISP).
- Noroozi Chakoli, Abdolreza, Research project administrator. (2009). Comparative assessment of Indexed scientific production in Iran and region countries, Using ISI databases in 2006- 2008. Research collaborator: Mohammad Hasanzadeh. Tehran: National Research Institute for Science Policy (NRISP).
- Noroozi Chakoli, Abdolreza, Research project administrator. (2009). Internal evaluation of Library and Information Department of Shahed University. Tehran: National Organization of Education Testing; Ministry of Science, Research and Technology (MSRT), the Office of Monitoring and Evaluation; Shahed University.
- Noroozi Chakoli, Abdolreza, Research project administrator. (2008). Consideration and definition of working elements of S&T assessment system from national view point (An approach to Iran). Research collaborators: Mohammad Hassanzadeh, Hamzehali Nourmohammadi. Tehran: National Research Institute for Science Policy (NRISP).
- Noroozi Chakoli, Abdolreza, Research project administrator. (2008). Comparative assessment of scientific production in Iran and 10 country, basis information of ISI databases in past 1/5 decade (1993- 2007). Research collaborators: Mohammad Hassanzadeh, Hamzehali Nourmohammadi. Tehran: National Research Institute for Science Policy (NRISP).
- Noroozi Chakoli, Abdolreza, Main project collaborator. (2008). Needs assessment and recognition of the national system of pesticide management in Iran. Research project administrator: Aria Alasti; Research collaborator: Mohammad Hassanzadeh. Tehran: Ministry of Agriculture- Jahad, Plant Protection Organization.
- Noroozi Chakoli, Abdolreza, Research project administrator. (2004). Examining the Shahed university faculty satisfaction rate of its libraries' services. Tehran: Shahed University.
- Noroozi Chakoli, Abdolreza, Main project collaborator. (2004). Evaluation of the faculties' libraries of Shahed University based on the ACRL Academic Libraries Standard. Research project administrator: Hamzehali Nourmohammadi. Tehran: Shahed University.

7. Thesis Supervisor and Advisor:

- Identification and analysis of barriers for graduated student's in humanities Science at shahed university
- The Barriers and Challenges of Producing the Science in Graduate Students (Case Study: Islamic Azad University, Science and Research Branch of Tehran)
- Developing a model for automatic information analysis based on knowledge domain visualization in information retrieval systems. Case of study: Database of theses in Iranian Research Institute for Information Science and Technology (IRANDOC)
- The comparative evaluation of science and technology policy making construction of Iran and selected countries in engineering to suggest a model for Iran

- Comparative Evaluation of the Relationship between Information-Based Personal Factors on Knowledge Sharing Among Students in Zanzan Universities
- Identification of the Issues and Organizing Challenges of Authority Control in Bibliometric Databases and Suggestions for Improvement
- The Study of the dimensions of Metacognitive Strategies for Information Search among the Students of Shahed University
- Comparative evaluation of faculty members of the National Institute of Animal Science Research and the Razi Vaccine and Serum Institute through the Exergy method
- Evaluation of Research Productivity of Researchers of Iran governmental Universities in the Field of Traditional Medicine Based on Multiple Indicators of Scientometrics
- Evaluation of Scientific Collaboration of Iranian Researchers in the Field of Microelectronics Science and Technology in the Scopus Database in 2000-2017
- Evaluation of scientific productivity of researchers in cognitive sciences in Iran and globe
- Evaluation of Kashan University library services using SEARS model
- Analysis of the spatial distribution of science producers in developed and Developing countries with a balanced regional development approach
- The Analysis of the Relationship between Scientific Productivity with Educational, Social and Economic Features and the Research and Development of Countries using Neural Network
- Evaluating the Relationship between the Writers and the Quality of International Magazines in the Field of Economic
- Analyzing the data sharing practice of medical sciences researchers in Iran
- Information geopolitics of Middle East countries based on their regional and global collaborations
- A comparative study and assessment of the performance of Iranian organizations engaged in producing encyclopaedias in the field of Islamic culture and civilization
- Evaluation of research productivity of Iran governmental universities and research institutes in the expert systems related fields
- The Pathology of the study stations in Tehran based on users opinions
- Research productivity of academic staff at Iran Polymer Research Center
- Encouraging and discouraging factors for reading among Isfahan Province library users
- Analysis of research and promotional indicators in MSRT Academic Staff Promotion Regulation
- Equating of Research Productivity Evaluation Indicators of Iranian Art and Medical Researchers
- Citation analysis and co-authorship of Knowledge and Information Sciences Persian Journals 2006 to 2013
- Analysis of the role of incubators in the production and dissemination of innovative, and technological outputs of the Industrial Universities in Tehran in connection with government and industry
- Study of the roles of Statistical Centre of Iran for collecting and disseminating of statistics related to science, technology and innovation in Iran
- Study of the roles of Statistical Centre of Iran for collecting and disseminating of statistics related to science, technology and innovation in Iran
- Evaluation of Knowledge Management Infrastructure in Digital Libraries: a Case Study of NOOR Digital Library
- A Survey on development of virtual Training Courses for Public Library Librarians in Yazd Province
- Analysis of Scientific Competency of Iran According to International Outputs

- Identification and analysis of standards, criteria and indicators for measuring the per capita reading in Iran
- Analysis of the Relationship between the Quality and Influence of Scientific Production and the Socio-economic Development of Countries
- Evaluation of Research Productivity of Faculty Members at Departments of Information Science and Knowledge Studies in Tehran Universities Using Multiple Indicators
- A study on investigate the relationship between organization and academic factors on research productivity of the faculty members at Tehran University
- The Role of Research Social Networks on Researchers Scintific – Scholarly Activities: A Case Study of the Faculty Members of University of Tehrans Engineering College on Research Gate
- Analysis of number of journals in Iran and comparison with the number of researchers
- Description and analysis of science popularization of the members of faculty at tehran university of medical sciences and suggestions for improvement
- Feasibility study of implementing electronic reference services at the central library of Ilam University of medical sciences
- The relationship between Knowledge Based Economy and scientific research in the world based on World Bank Indicators
- Comparative analysis of research productivity and international standing in the Basic sciences research institutes based on multiple indicators: Presentation a model based on evaluation of research productivity in the Basic science research institute
- evaluation and analysis of necessities, infrastructures and requirements for developing science, technology and innovation observatories in Iran and its comparison with the selected countries observatories and offering a model to establish and deve
- Citation Analysis of the articles by Journal of The Iranian Chemical Society (JICS) during: 2004-2013
- Feasibility study of creating Digital library in The Islamic Azad University South Tehran branch
- The study of infrastructure of Islamic Azad University Libraries of region 8, to implement the Total Quality Management (TQM)
- The Study of Distance Learning Infrastructure for librarians of medical Sciences Universities Libraries in Tehran
- The study of relation between ergonomic conditions and burnout in the librarians of industrial governmental universities libraries in Tehran according to librarians point of views
- Suggestion for evaluation science and technology in the economy
- A comparison of precision in general search engines and specialized databases for radiology image retrieval
- Comparative evaluation and ranking of Iranian Engineering centers of Excellence by assessing their scientific and technological capabilities
- The study of Tabriz University publication for knowledge mapping
- The Analysis of quantitative & qualitative relationships between the scientific and technological outputs of Iran's universities & research institutions in the Nano-science and Nanotechnology
- A survey on relationship between journal quality and self-citation based on Persian Journals in ISC
- A survey on scientific status of Iranian researchers in biochemistry on Scopus
- A Comparative Evaluation Of The Relationship Between University And Industry In Iran And Turkey Based On Correlation Analysis Of Their International Patents And Scientific Articles From 1974-2011
- The Analysis of the Position and Alignment Curriculum of Scientometrics with the Demands and the Priorities of the Iran Scientific Map

- Drawing and Interpretation of Intellectual Structure in the Sciences of Iran (1990-2009): A Critical Study
- The share of Iranian women in production and scientific standards in the priority areas of science and technology of Iran
- University Ranking & Identifying Suitable Indicators for Iranian University Ranking
- Status and Effectiveness Of the In-services Training Courses in Golestan Province's Public Library Foundation based on CIPP model
- The Relationship between Economic Indicators and Country's Science and Technology Situation
- The Identification and Accreditation of the Research Productivity Evaluation Indicators of Iran Researchers and Universities
- The Identification and Accreditation of the Research Productivity Evaluation Indicators of Iran Researchers and Universities
- A survey of persuasive and preventive factors of studying among users public libraries in Masjed Soleiman
- Comparative surviving the status of Iranian scientific articles indexed in Web of Science and Iran Science Citation (PSCI) focusing on their self-citation within 2005 to 2009
- Comparative evaluation of Iran industrial universities situation based on WoS in 2000-2009

8. History of Services:

- Associate professor of the Knowledge and Information Science Department, Shahed University
- Manager of the Planning and Education Development Office, Shahed University
- Council Secretary of the national policy making and planning for Research and Technology Development in Art and Humanities Sciences (Ministry of Science, Research and Technology- MSRT)
- Research affairs consultant of Policy making and planning for research affairs (Ministry of Science, Research and Technology- MSRT)
- Member of the Blacklist and Hijacked Journals evaluation Committee (Ministry of Science, Research and Technology- MSRT)
- Workgroup director for revising of the Iran humanities sciences faculty members' promotion regulations (Ministry of Science, Research and Technology- MSRT)
- Member of the ranking special committee for Iran medical sciences universities (TMUS Ranking) - (Ministry of Health- MOH)
- Workgroup member of the future studies and capacity building committee for Scientific Hegemony in district 10 of Iran (Ministry of Health- MOH)
